## DERDACK PARTNER CONFERENCE 2010 – ONLINE

8<sup>th</sup> annual event for partners and affiliates 8<sup>th</sup> June 2010

**Potsdam, Germany, 3 June, 2010:** Derdack today announced the Derdack annual partner conference; “DPC” will be online in 2010. In an economic environment where businesses are constantly seeking to minimise travel budgets and time out of the office, the event this year will be held online with sessions broadcast twice each day.

The conference has been an important part of the overall support Derdack offers its partner network and for the first time affiliates are able to participate. During the day Derdack experts will share their vision, strategies and know-how to help create business opportunities for partners.

Topics to be covered include:

- Business opportunities in automating of enterprise communications
- Technology background of integrating unified communications in business processes
- Customer cases for business-critical mobile notifications
- Partner opportunities in providing ICT enterprise solutions for mobile operators
- Business models of SMS & MMS appstores and platforms
- Benefiting from social network connectivity and social sharing via SMS and MMS.

Sessions run for 30 minutes each morning with repeats in the afternoon and early evening.

Derdack partner, M2MCom will share their experience of deploying the Derdack Enterprise Alert solution at healthcare industry customer, HIS IZZ Hospitals. This particular implementation was winner of the prestigious European IT Excellence Award in 2010.

For further information and to register for this event, please visit [DPC 2010](#).

Matthes Derdack, Managing Director of Derdack comments, “Our successful partner network requires commitment and support from us and the DPC this year offers valuable insights into the technology and how it has been implemented by our clients. We also help our partners to identify business opportunities and adopt best practices in a competitive and challenging market. The feedback we receive every year demonstrates that this is a valuable opportunity for our partners and with customer experiences, transfer of knowledge between partners and the live product demonstrations; we look forward to another successful event. The online formula we hope will be helpful to our partners by saving time and money, extremely valuable resources in these times.”
